COMPANY PROFILE

PPD

PPD

Prvo Plinarsko Društvo (PPD) is a privately owned Croatian company based in Vukovar, conducting business in the import, sale and supply of natural gas within the Republic of Croatia. It is owned by Blue Horizon, which is 100 percent owned by investor Mr. Pavao Vujnovac.

PPD is the largest Croatian importer of natural gas, supplying customers in Croatia. Founded in 2001, it is headquartered in Vukovar. PPD's customers include the largest business and industrial consumers, as well as the largest suppliers in distribution areas.

Prvo plinarsko društvo stands out from other stakeholders in the Croatian market with a balanced portfolio and strong domestic and international partners. PPD has also secured transportation and storage capacities in Croatia and abroad, importing natural gas at both Croatian interconnectors (Rogatec and Drávaszerdahely).

PPD GROUP

After more than 20 years of operation, PPD's business is divided between the Croatian and European markets. The company Prvo plinarsko društvo d.o.o., headquartered in Vukovar, is owned by Blue Horizon and operates exclusively in the Croatian market. Similarly named PPD companies operating in Slovenia, Italy, Hungary, the Netherlands and Switzerland are owned by PPD Global, headquartered in Lugano, Switzerland. The ultimate owner of all PPD companies in Croatia and abroad is Mr. Pavao Vujnovac.

PPD conducts business in European natural gas markets thanks to a professional and experienced team based in Lugano (Switzerland), and companies in Budapest (Hungary), Ljubljana (Slovenia), Milan (Italy), and Amsterdam (Netherlands). By combining expertise in logistics, financing, risk and specifications conformation, PPD has direct access to the largest wholesale markets with bilateral trade, exchange markets and broker platforms and can secure short-term, mid-term and long-term supplies.

With our long-standing experience in managing the procurement of natural gas and optimizing facility and storage capacities, we are able to provide our customers with a well-structured tailor-made product.

By trading in the busiest European natural gas trading point TTF and in the region (Austria, Italy, Hungary, Czech Republic, Romania, Bulgaria), we can identify opportunities and realize trades between these markets on the common European natural gas market.

We are listed in the following natural gas exchange markets: CEGH CZ, TTF, PSV, BGH, BRM.

HISTORY

2001

Prvo Plinarsko Društvo (PPD) was established in 2001 as a joint venture of Croatian and international investors.

2006

By 2006, PPD had built its first natural gas distribution network in Vukovar and nine municipalities in the Vukovar area (Bogdanovci, Borovo, Tompojevci, Negoslavci, Tovarnik, Nijemci, Markušica, Tordinci and Trpinja).

2010

In 2010, Energia Naturalis assumed the ownership of PPD, making PPD a company owned exclusively by Croatian investors. A full restructuring of the company that followed prepared PPD for its role in the opening natural gas market.

2011

In November 2011, Prvo Plinarsko Društvo signed a sales agreement with Gradska Plinara Zagreb – Opskrba d.o.o., a supplier of gas for the gas distribution network in Zagreb and the wider city area. When the distribution started on January 1st 2012, it marked the beginning of the full deregulation in the natural gas market in Croatia.

2012

In 2012, ENNA Group started, with significant investment in human and technical resources in all operations of ENNA Group.

2013

In 2013, ENNA established a company in Slovenia, which was to become PPD Energija.

2014

In 2014, PPD Hungaria was established and shares acquired in the Port of Ploče and Adriatic Transport (ENNA Transport today), marking the Group's advance into the logistics sector.

2015

In 2015, PPD Serbia and PPD Bosnia and Herzegovina were established.

2016

In 2016, the Novo Sutra Foundation was established.

2017

In 2017, PPD Global was established in Switzerland.

2018

In 2018, PPD partnered with INA to acquire shares in Petrokemija; a modern office building was built in Vukovar, which serves as the company headquarters for PPD and ENNA Group; energy efficient renovation work was completed at the General Hospital in Varaždin and the Police Academy in Zagreb.

2019

In 2019, a biomass power plant was built and became operational in Vukovar. PPD Distribucija Plina Company restructured the distribution network in the Erdut municipality and was granted a licence for natural gas distribution in the area. ENNA Group increased shares in Port of Ploče.

2020

In 2020, the Group sold PPD Distribucija Plina and PPD Opskrba Kućanstava companies and established PPD Fuelling LNG Company. ENNA Group spread into the fruit and vegetable business sector by launching its ENNA Fruit Company.

2023

In 2023, PPD is leaving ENNA Group and the owner of PPD becomes the Blue Horizon company, which is 100 percent owned by investor Mr. Pavao Vujnovac
